

Arts West Ground Breaking

Edition Date: April 2008

ArtsWest School for the Performing and Visual Arts celebrated the official beginning of construction on their new school. Scheduled to open in time for Fall Classes, Tom **Ahlquist** from **Gardner/Ahlquist** Development is committed to meeting the schedule. The founders of the school have been working for five years to see this school become a reality, so it was an especially meaningful day for them. There were several people in attendance including former Eagle Mayor Nancy Merrill, who is President of the Advisory Board for the school, Phil Bandy, Mayor of Eagle and Steve Guerber, Eagle City Council President. The Eagle Chamber of Commerce was also in attendance to enjoy the vocal performances of the students and the informal BBQ after the event.
